

## 🐏 Why do I need to send in a template?

For custom mattresses with curved edges, we need to be sure that the mattress made for you fits perfectly. Supplying a template ensures that we manufacture your mattress to an exact fit, including all curves and shapes.

Custom sized mattresses with square edges can be manufactured without a template and you will only need to supply us with your dimensions.

## 🐏 It's easy to create a template for your custom mattress. Simply 3 steps!

1

Prepare a piece of paper (broadsheet newspaper is normally best).

2

Simply trace around your old mattress or the inside of your furniture onto this newspaper.

3

Done!

Cut it out and place the template you have now created inside your furniture, to make sure that you are happy with the fit.

## 🐏 Finally, put your NAME and ORDER NUMBER on the template and post to:

The Little Green Sheep  
Unit 5, Stockwood Business Park  
Stockwood  
Redditch  
Worcestershire, B96 6SX

If you have any questions about creating your template, please contact an advisor on [0800 028 1433](tel:08000281433).
